

Door County Sheriff's Office

CRIME PREVENTION FOUNDATION

The Door County Sheriff's Department has partnered with the Door County Community Foundation, Inc. to launch the Door County Sheriff's Office Crime Prevention Foundation.

The Crime Prevention Foundation, a component fund of the Door County Community Foundation, will promote innovative programs and equipment that will enhance the Sheriff's Department in establishing strategies to prevent crime and strengthen relationships with the community. The Sheriff's Department will submit project ideas to an independent Board of Advisors who will oversee the Crime Prevention Foundation. We envision projects like:

Sergeant Jon Koch of the Door County Sheriff's Department trains with his dog. The Department's previous K-9 program ended almost 30 years ago.

- K-9 program
- DARE
- Shop and Chop with a Cop
- Equipment to enhance officer safety
- Specialized training for law enforcement

Establishing a K-9 program is the first priority of the Crime Prevention Foundation. The Door County Sheriff's Department hopes to purchase a dog for a dual-purpose team. They

are trained in patrol tactics which include tracking and area searches for missing people or suspects and in protecting their handler. As a second purpose, these teams also specialize in the detection of drugs. Time is critical when a person is missing. Currently, the Sheriff's Department must contact an agency from outside the county when in need of assistance and wait for their arrival. Illicit drug sales and use continue to be a problem on a local and national level. These crimes also fuel many of the thefts and burglaries that affect all of us.

The goal of the Crime Prevention Foundation is to start a fund to pursue items that would not otherwise be included in the budget, with the initial investment being the K-9 program. With the rise in drug activity in the county, as witnessed by the recent drug arrests, the value of a K-9 unit in the county has never been more evident. Future potential uses could be for the DARE program and the creation of a Crime Stopper program.
